Holiday Recycling and Reuse Programs

Mail your inefficient, incandescent holiday lights to HolidayLEDs.com to be recycled, now until the program concludes at the end of February 2010, and receive a coupon for 15% off anything on their website. Here is more information about how you can participate:

- Use cardboard boxes or other packaging that can easily be recycled.
- If possible, send multiple light sets at a time (this reduces shipping costs for everyone and reduces environmental impact of shipping).
- Compact your light sets into the smallest space possible.
- Mail lights via ground shipping to:
HolidayLEDs.com
Attn: Recycling Program
Suite 1
118 Rosehill Dr.
Jackson, MI 49202
- Make sure to include the name and email address (clearly printed) of the participant inside the box. All coupons will be emailed so they must have an email address.

For more information, Contact:

Holiday Recycling and Reuse Programs (page2)

Tompkins County Solid Waste Management Division is collecting old picture calendars and picture greeting cards for reuse projects at school and community events.

Please bring them to the Solid Waste Management Division's main office.
